ENGINE TECHNOLOGIES

International Institute for Aerospace Engineering and Management (IIAEM), a collaborative venture between Jain University and Society of Indian Aerospace Technologies and Industries (SIATI), is organising a two-day course on Aero Engine Technologies. This course will be held on November 11 and 12, at Aeronautical Society of India, Bangalore, from 9 am to 5 pm. The two-day course will explore current trends in Aero-Gas Turbine Propulsion, and the state-of-the-art and emerging technologies in Civil and Military Aero Engines. Experts from the industry will also conduct sessions during the course. Visit www.iiuem.jainuniversity.ac.in/Events.htm for details.
