BOOK OF THE MONTH - Rather be Reading

The Almanack of Naval Ravikant: A Guide to Wealth and Happiness

"Thought-provoking and high value per minute reading" - The Almanack of Naval Ravikant compiles the valuable lessons of Naval Ravikant, who teaches people how to build wealth and achieve long-term happiness by working on a few essential skills, all while discovering the secrets of living a good life. I am amazed at the value per minute I got while reading. The one key takeaway is that, happiness is a muscle that we need to exercise. Getting rich is not just about luck; happiness is not just a trait we are born with. These aspirations may seem to be out of reach, but building wealth and being happy are skills that we can learn. The Almanack of Naval Ravikant is a collection of Naval's wisdom and experience from the last ten years, shared as a curation of his most insightful interviews and poignant reflections. This isn't a how-to book, or a step-by-step gimmick. Instead, in Naval's own words, you will learn how to walk your own unique path toward a happier, wealthier life.

A REMNANT OF THE COSMOS

I am born of stardust and I feel the Universe is glad to have me as its star!

*I admire the stars, to unveil the Universe's secret.
Each night I try reaching them all to keep it.*

*I'm busy gazing for what seems like an eternity,
into a Universe full of celestial fraternity.*

*My words escape me yet flourishes from pain.
It might not be the season but the love remains same.*

*Am I a shimmer of the Galaxy? I question my existence.
No one ever did notice me even from a small distance.*

*Without the night, sky is like a singer with no song.
It provides no pleasure even if I stare for long.*

THE LIFE OF A TEENAGER

The life of a teenager
Complicated it is;
But not one to miss;
For it is the fun part of life.

From the first crush,
To the first heart break;
It is not a fake,
The life of a teenager.

Full of questions in the mind
All full of concerns,
Answers there is to find
To fulfill one's curiosity and worry.

Always troubled in heart,
Searching for that which makes it full;
Hoping to scare away the dullness
But most of the time life is one to behold!

With loving friends,
And envious foes,
Amusing it is,
The teenagers' life.

The life of a teenager
Complicated it is;
But not one to miss
For it is the fun part of life.

HOSTEL DIARIES

We all come from miles away I get this
With dreams in our eyes to become someone who's groomed and refined
But the constant nagging thought
That gripped every mind
Was "who'll be my roommate? For the next three years of my life!"
All these doubts faded away
As we all came together and made our way
And then came up the different shades....
The sunny days didn't linger,
We were together,
But alone within:
The groups didn't have space to fit in.
Some cherished the flourishing bond
And few spent times being alone
The hostel diaries can be filled with nightmares or sweet memories
The choice is up to you and depends on what you choose.

My Favourite Teacher

I Anuska Ray want to wish all the teachers a very Happy Teachers Day. So, it's been a month in Jain University and all the teachers have been sweet to say the least. But if I had to pick one. It would have to be **Megha ma'am**, she takes PMI for us. I truly love her teaching style and her accent is truly fascinating. She is very sweet and all of us can communicate and interact with her freely. She is my favorite teacher and it's never boring in her class. So Happy Teachers Day ma'am.

Anuska Ray (B.COM FBA)

A teacher should never just be a mentor in school, simply as an authority figure. I was taught this lesson by a teacher in my life in my 11th and 12th, **Mrs. Sini ma'am**. She was an amazing role model. She enriched learning and our own passions. She never discouraged me about my art and hobbies, and always listened to me whenever I needed to talk. She was a great friend. Sini ma'am always pushed me to do better, and never made me feel bad for my mistakes. I'm genuinely lucky to have had her in my life, and I hope to create great experiences with my future teachers too.

Tejaswani L Sarma (B.Com FAAT)

My favorite teacher and the one who inspires me the most is my marketing management teacher **Vibha ma'am**. She is someone I look up to very much as she is very supportive, knowledgeable and makes classes very interesting with her eloquent words. She is one of the most down to earth teachers and is loved by everyone.

Sneha Ramnath (BMS IB H)

Happy Teacher's Day to all the teacher's in Jain University. I've only met a few teachers and they are quite nice, but so far, my favorite is **Nikhil sir**. He's quite funny and brings in a lot of information in class. I'm enjoying his class a lot. Thank you to all teachers.

Light of the lamp

She was there to add up my sums properly. She cared for me like her own son. She scolded me like her son. She guided me through difficult times. Guidance, knowledge and love is what she gave in return for a piece of chips. I felt like that wasn't enough, that I hadn't given her enough for what she'd given me. So I gave her all my respect and prayers. For she had guided me through the night of life and academics like the light of a lamp.
